

# **MOGUL**

**Diversity of Nonwovens**

**Environmental and Industrial  
Oil-Absorbent Cleaning Products**

## Product Diversity

The Ultrasorb range of spill control products offering the widest range of products among competition, designed for all application areas.

## Experience & Know-how

Based on our know-how and experience coming from 3 decades of meltblown production and spill control expertise you can rely on Ultrasorb.

## Your Most Reliable Partner

- Reliable as it keeps liquids, oils, haz chems off the floor, preventing the risk of slips and falls.
- Environmentally friendly and compliant with ISO 14001 standards and other regulations.
- Maintains cleanliness throughout your facility. Creates a strong and professional impression.
- Easy to use. Helps reduce the costs associated with occupational and environmental accidents.

## About Us

Mogul Tekstil San. ve Tic. A.Ş., founded in 1997, is a family-owned company headquartered in the Gaziantep Organized Industrial Zone. Specializing in the production and sale of nonwoven fabrics, the product range Mogul includes Spunlace, PP Spunbond, PET Spunbond, Melt-blown, coated/laminated fabrics, composite fabrics and converted products made from these materials.

The headquarters and first production facility of Mogul is located in the Gaziantep 2<sup>nd</sup> Industrial Zone, covering a total 12,000 m<sup>2</sup> open area and a 10,000 m<sup>2</sup> indoor area. In 2002, another facility was opened in Bayrampasa, Istanbul for domestic sales and storage. A second produc-

tion facility of 20,000 m<sup>2</sup> was opened in the Gaziantep 3<sup>rd</sup> Organized Industrial Zone. Approximately 500 employees work across the three facilities. Our facility, established on a 56,000 m<sup>2</sup> area in Luleburgaz, was put into operation with its first production line in the second quarter of 2016.

Mogul have 7 different production technologies which operates 4 PP spunbond line, 7 PP Meltblown lines, 2 Parallel laid Spunlace lines, 1 Crosslapped Spunlace line, 2 MONOPET Spunbond lines and 2 Bicomponent Spunbond lines, 1 Bicomponent microsplittable line and additionally 1 extrusion coating line and wide width welding machine for agricultural covers applications.

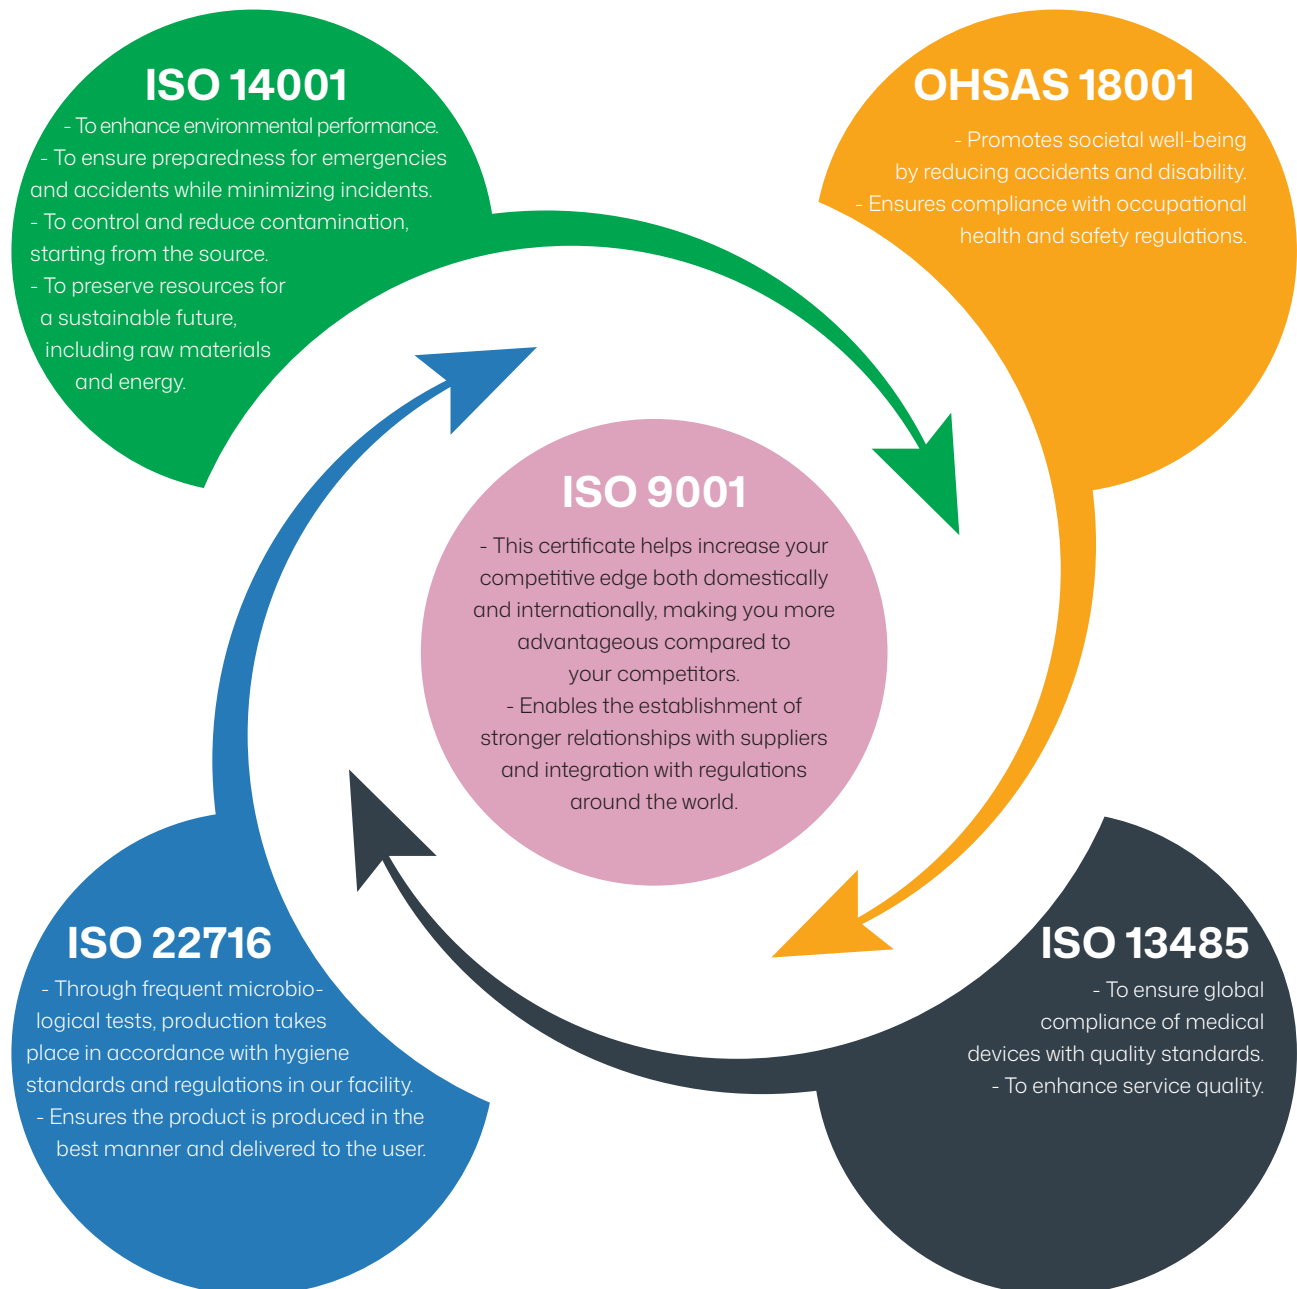

## Certifications We Hold

In alignment with the Quality and Continuous Improvement Policy of our company, we implement and uphold the requirements of the ISO Quality Management Systems, integrated with this policy, to meet the evolving needs and demands of our customers.

Spill control products help prevent occupational accidents in your facility, enabling you to raise quality standards, maintain a clean working environment, and produce in line with international norms.

## Our Products With Various Color Codes And Functions

### UNIVERSAL

Oil and water absorbent

### HAZ-MAT

Chemical, oil and water absorbent For the healthcare industry

### HAZ-MAT

Chemical, oil and water absorbent For the chemical industry

### OIL ONLY

Only oil absorbent

We offer the above colour codes with different product properties under 3 different brands, tailored to their areas of use and the types of chemicals they are designed for:

- Hisorb single layer no bonding
- Hisorb plus single layer, with ultrasonic bonding
- Ultrabond FF MMM 3 layers, with ultrasonic bonding
- Ultrabond SMS SMS 3 layers with ultrasonic bonding

\* The oil absorbent images show Ultrabond FF.

## Pad Features

| Color                     | Weight               | Dimension     | Oil Absorbency | Packaging           |
|---------------------------|----------------------|---------------|----------------|---------------------|
| Gray, Yellow, Pink, White | 350 g/m <sup>2</sup> | 40 cm x 50 cm | 91 L           | 1 package / 100 pcs |
| Camouflage                | 350 g/m <sup>2</sup> | 40 cm x 50 cm | 80 L           | 1 package / 100 pcs |

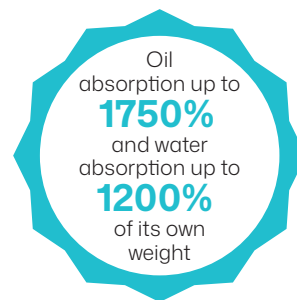

## Roll Features

| Color                     | Weight               | Dimension                                         | Oil Absorbency | Packaging |
|---------------------------|----------------------|---------------------------------------------------|----------------|-----------|
| Gray, Yellow, Pink, White | 350 g/m <sup>2</sup> | 38 cm (19x2 perforated) x 46 m (43 cm perforated) | 80 L           | 1 pc      |
| Gray, Yellow, Pink, White | 350 g/m <sup>2</sup> | 50 cm (25x2 perforated) x 46 m (43 cm perforated) | 105 L          | 1 pc      |
| Gray, Yellow, Pink, White | 350 g/m <sup>2</sup> | 76 cm (19x4 perforated) x 46 m (43 cm perforated) | 160 L          | 1 pc      |
| Camouflage                | 350 g/m <sup>2</sup> | 76 cm 46 m (perforable, max. 150 cm)              | 140 L          | 1 pc      |

\* g/m<sup>2</sup> may vary. Pad (MMM) can be produced in weights ranging from 100 to 400 g/m<sup>2</sup>, while Roll (MMM) can be produced between 150 to 400 g/m<sup>2</sup>. The maximum oil absorbency capacity is indicated as the absorbency.

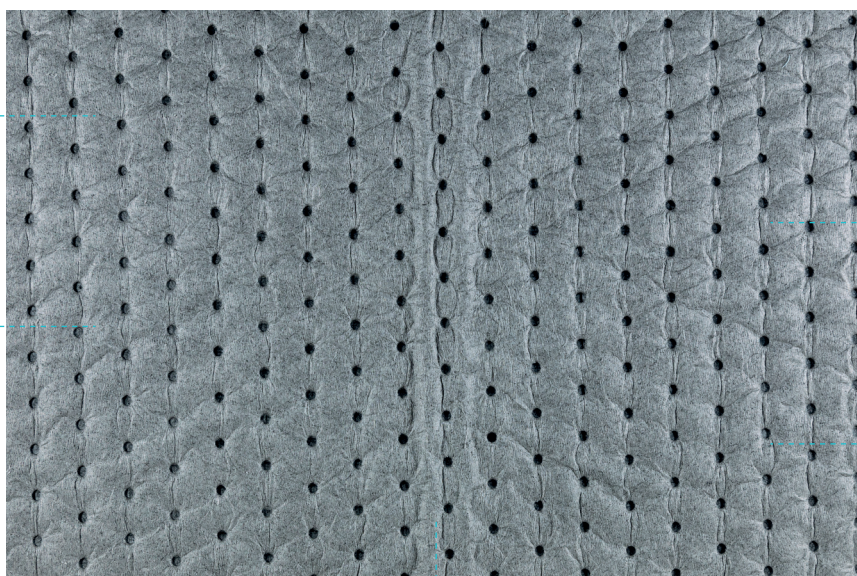

## These Multifunctional Pads

### Safeguard Your Facility And Employees From Environmental Pollution and Occupational Accidents Caused By Leaks And Spills

Absorbs water and oil.

High durability thanks to bonded polypropylene.

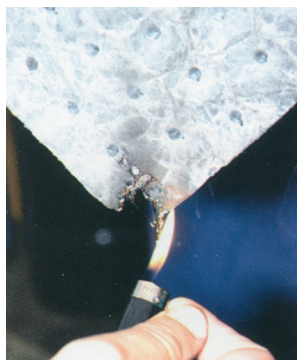

Fine fibers in the material retain liquids, prevent leakage and gives a tidy appearance to fabric.

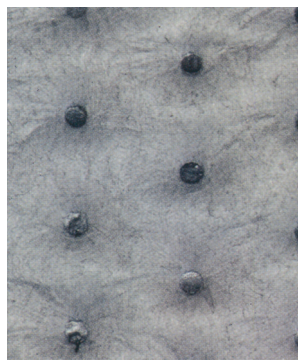

Gray color prevents offset dirty appearance

Maintains a clean and dry environment thanks to its multi-layered design

Product Features

Thanks to its natural structure, Does not burn; melts instead.

Dimpled surface enable fast absorption.

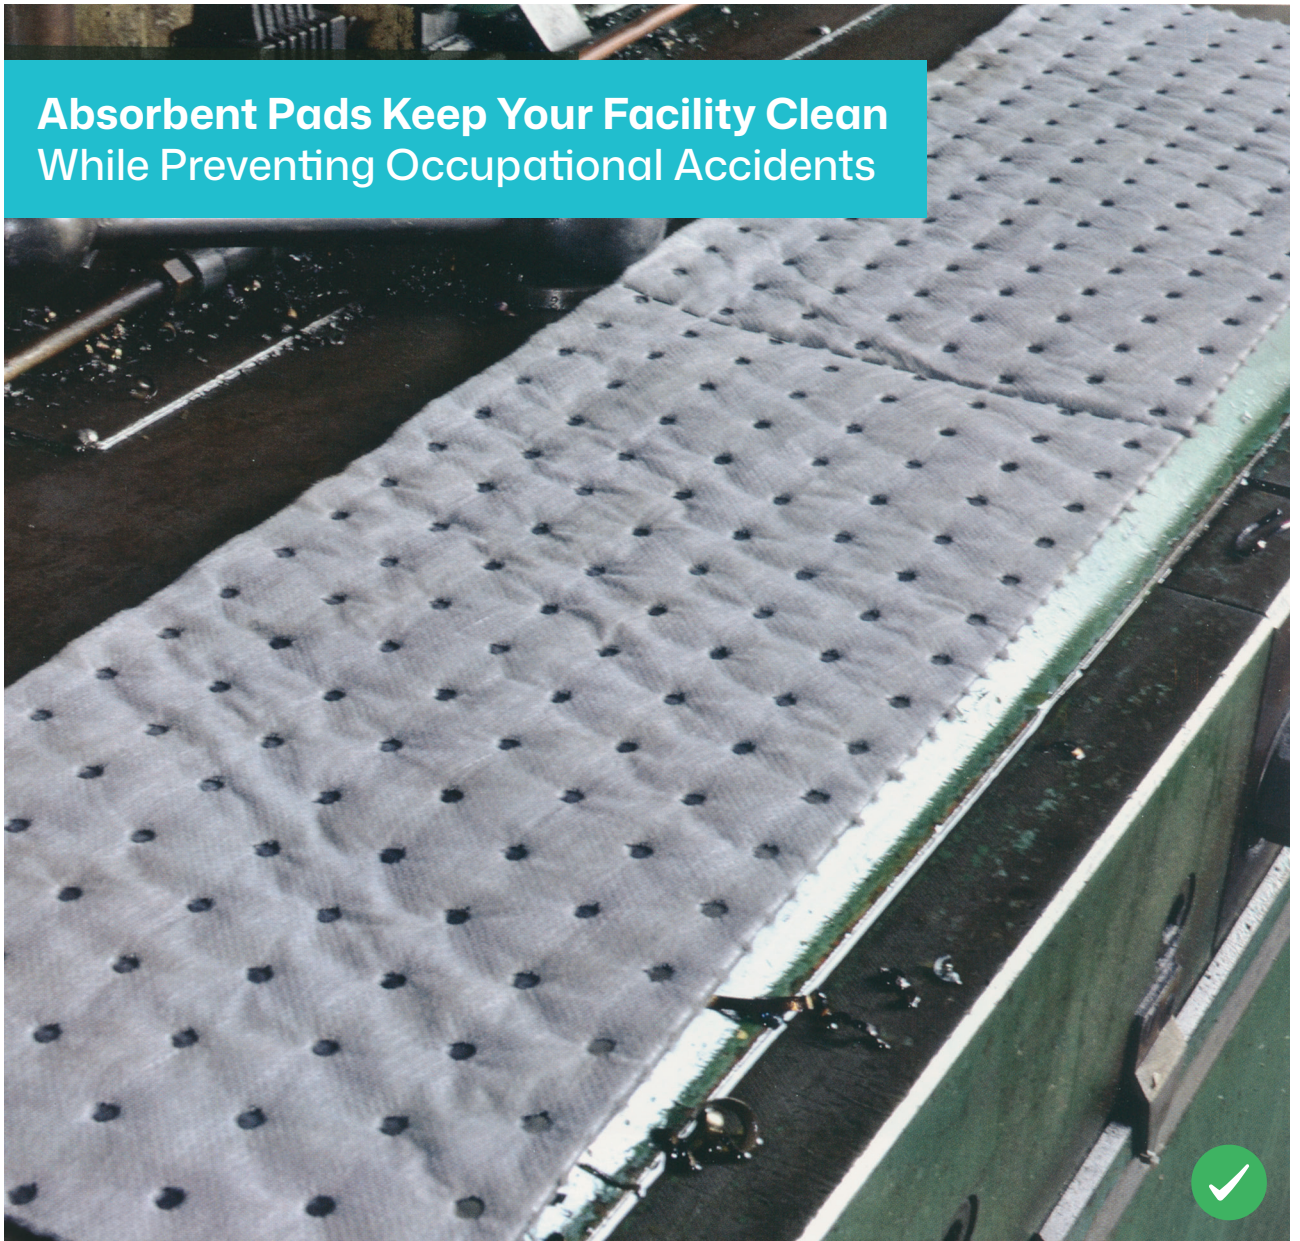

Perforated section designed for effortless tear-off and use

Resistant to wear and does not curl up underfoot

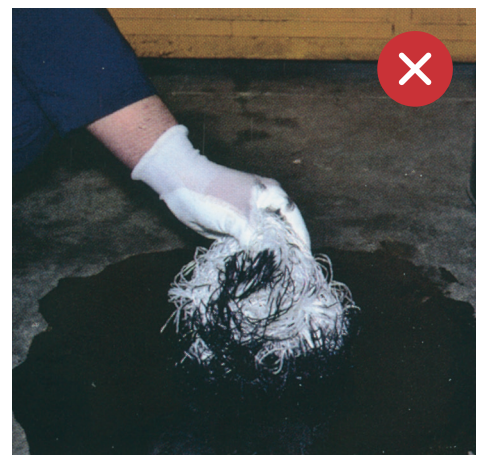

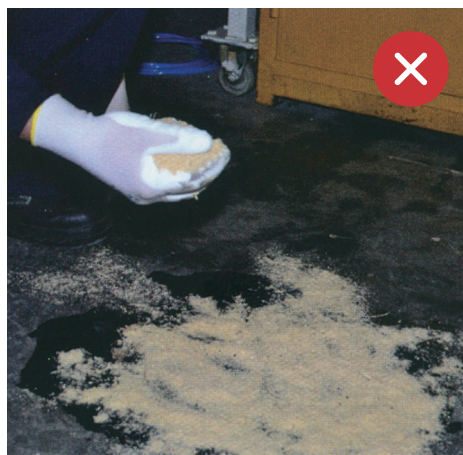

## Absorbent Pads Keep Your Facility Clean While Preventing Occupational Accidents

Product Applications

Suitable For Cleaning Countertops

Traditional  
Methods, Such  
As Sawdust,  
**Do Not Prevent  
Accidents**  
And May  
Cause  
Damage To  
Your Machinery

A water  
absorption rate  
of up to  
**1 cm<sup>2</sup> per  
second**

## Use Pads For Cleaning and Safety Stop Further Contaminating Your Environment!

Switching to our pads rather than using traditional cleaning methods like sawdust helps you save both time and money. The features of our pads, which will drive your profit in terms of cleaning efficiency, time saving, accident prevention, and cost reduction:

- Durable and abrasion-resistant thanks to multiple layers. (for Ultrabond FF)
- Absorbs oil, liquids, chemicals and water.
- Keeps floors dry and clean for occupational safety. Prevents slippery surfaces and potential occupational accidents as no liquid residue left behind, even when its absorption capacity is exceeded.
- Allows for extended use thanks to its gray color, which offset dirt, and its abrasion-resistant properties.
- Increases absorbency due to the dimpled areas on its surface.
- Features perforations every 12 cm horizontally and every 25 cm vertically, allowing you to use as much as you need.
- Available in various sizes to suit your specific application.

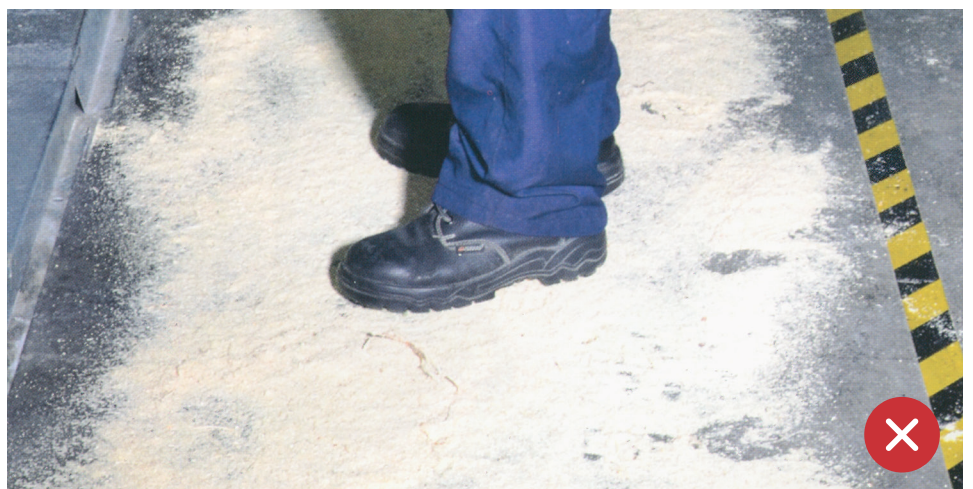

Unroll  
Lay Out  
Take Off

Traditional  
Methods,  
Such As  
Using  
Sawdust,  
Require  
Sweeping

## Sturdy And Long-Lasting Pads Keep The Floor Clean Help You Save Time and Money.

### Choose The Size And Perforation Based On Your Needs, And We Will Produce Them For You

| Product                     | Weight               | Dimension     | Package Size      | Absorbency |
|-----------------------------|----------------------|---------------|-------------------|------------|
| Ultrabond ff pad universal  | 350 g/m <sup>2</sup> | 40 cm x 50 cm | 100 pcs / package | 91 L       |
| Ultrabond ff roll universal | 350 g/m <sup>2</sup> | 76 cm x 46 cm | 1 pc / package    | 160 L      |

Thanks to mats designed to cover areas ranging from small, narrow spaces to large floors, you can keep your facility clean while minimizing the risk of falls. For convenience, it features perforated sections at regular intervals.

- Durable and abrasion-resistant, thanks to multiple layers.
- Absorbs oil, liquids, chemicals and water.
- Keeps floors dry and clean for occupational safety. No liquid residue left behind, even when its absorption capacity is exceeded.
- Allows for extended use thanks to its gray color,
- which hides dirt, and its abrasion-resistant properties.
- Prevents leaks, which could potentially cause environmental pollution, from seeping into the soil or water.
- Features perforated sections, allowing you to use as much as you need.
- Available in various sizes to suit your specific application.

### Easy of Use Thanks to the Roll Rack

**Wall-mounted roll rack**  
46 cm x 86,5 cm

**Roll rack**  
105 cm x 86 cm x 61 cm

Wall-mounted or mobile, easy-to-carry roll rack with a durable steel body. It can be moved anywhere and anytime as needed in your facility; equipped with a stop mechanism, it ensures smooth tearing of rolls up to 80 cm wide without causing any hassle.

**One Product for  
All Your Needs!**

**as a Pad**

One  
Product,  
**Four  
Different  
Uses**

**as a Runner Rug**

**as a Wiping Cloth**

**as a Barrier**

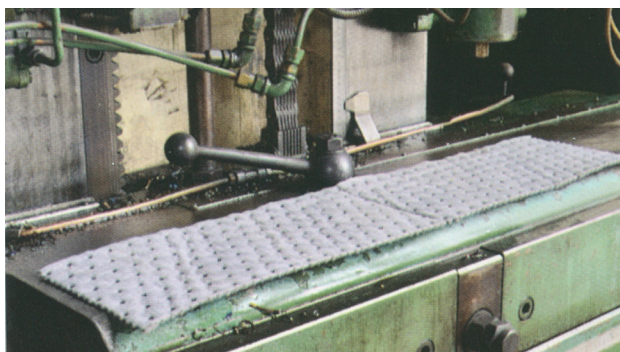

## Cut Costs With A Single Product, Thanks To Its Easy Storage

Ensures easy storage, as it is a product in roll format.  
Saves space by offering four different uses  
with a single product, based on your needs.

### Applications;

- As a pad, it provides quick absorption and cleaning.
- In walkways, it grips the floor, keeps the environment clean, and helps prevent occupational accidents.
- As a sausage, it effectively absorbs leaks and spills.
- As a wiping cloth, it cleans and wipes the equipment.

**Achieve A Complete Team Spirit With Rolls, Pads, And Sausages...  
Featuring A Wide Range Of Kits Suitable For All Types Of Spills And Leaks.**

## Sturdy Pads Your Best Helper

- Durable, wear-resistant layers.
- Does not shed lint. Perfect for cleaning windows and equipment.
- Absorbent. Traps liquids while the dimpled sections ensure no wet spots.
- Tear-off sections allow you to use as much as you need.

| Product           | Weight               | Dimension                                             | Package Size      | Absorbency     |
|-------------------|----------------------|-------------------------------------------------------|-------------------|----------------|
| Ultrabond FF pad  | 350 g/m <sup>2</sup> | 40 cm x 50 cm<br>(25*2 perforated)                    | 100 pcs / package | 91 L / Package |
| Ultrabond FF roll | 350 g/m <sup>2</sup> | 38cm x (19*2 perforated) x<br>46 m (43 cm perforated) | 1 pc / package    | 80 L           |

The roller can be cut to the desired dimensions with a maximum width of 156 cm.

## Preserves the Floor

- Sturdy and multi-layered.
- Provides high absorbency.
- Absorbs all types of liquids.
- Preserves floors while preventing the risk of slips and falls.
- Prevents leakage.
- SMS composite material with enhanced resistance to friction and wear; can be preferred for use as a Walking mat

| Product                             | Weight               | Dimension    | Package Size   | Absorbency |
|-------------------------------------|----------------------|--------------|----------------|------------|
| Ultrabond FF gray<br>Universal roll | 350 g/m <sup>2</sup> | 76 cm x 46 m | 1 pc / package | 160 L      |

## Place Beneath Machinery

- Captures leaks in narrow spaces.
- Provides high absorbency.
- Safeguards floors and countertops from liquids.
- Prevents oil contamination of soil and groundwater.

| Product                             | Weight               | Dimension    | Package Size   | Absorbency |
|-------------------------------------|----------------------|--------------|----------------|------------|
| Ultrabond FF gray<br>Universal roll | 350 g/m <sup>2</sup> | 38 cm x 46 m | 1 pc / package | 80 L       |

## Intended For Use In Industrial Applications And Transportation, Such As In Airplanes

Provides A Neat Appearance When Placed On Shelves

Can be used in various areas to enhance the cleaning and safety of your workplace.

Absorbs petroleum-based and oil-based liquids. Easily absorbs liquids even in uneven areas.

Anti-Static Products Prevent The Distribution of Electricity Across Large Areas in Systems Prone to Electrical Leakage

Beneath Oil Cans

Prevents Liquids Discarded In Garbage Cans From Spreading Into The Environment.

## Hide Leaks And Dirt With The Camouflage Pattern

Ultracam's camouflage-patterned walking mats conceal leaks and drips in walkways. They hide stains caused by leaks and drips and ensure an extended lifespan. This helps reduce costs. The spunbond-coated outer surface makes it more sturdy, while its long lifespan makes it more efficient when used as a walking mat.

- Absorbs all types of liquids.
- Resistant to walking.
- Resistant to wear and friction thanks to the spunbond surface (SM).
- Provides comfort, helping to reduce foot and leg strain.
- Each roll absorbs up to 166 liters of liquid, keeping your workplace safe.
- 6.35 mm thickness.

## Relieves Foot Fatigue Ensures Safety Across The Entire Floor

| Product                  | Weight               | Dimension     | Package Size      | Absorbency |
|--------------------------|----------------------|---------------|-------------------|------------|
| Ultracam Camouflage Roll | 350 g/m <sup>2</sup> | 76 cm x 50 m  | 1 pc / package    | 151 L      |
| Ultracam Camouflage Pad  | 350 g/m <sup>2</sup> | 40 cm x 50 cm | 100 pcs / package | 79 L       |

## Resistant To Friction And Wear

Drips and leaks vanish within seconds. Spilled oil quickly transfers to the lower layers, without any wetness on the surface. Additionally, the anti-slip feature ensures the surface remains slip-resistant and impermeable to liquids.

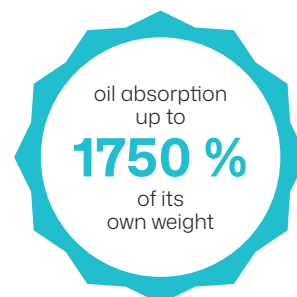

## Long-Lasting Walking Mats

# The White Oil Pad Absorbs Oil But Not Water

Oil Only - Oil - Absorbent Products

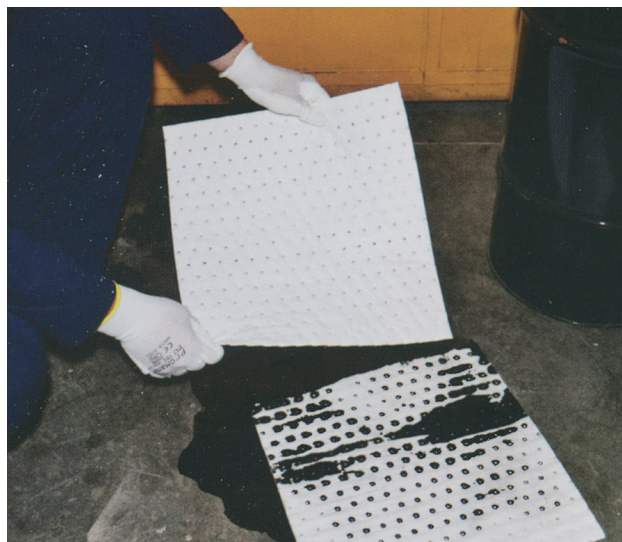

## The White Color Makes Oil Leaks Immediately Visible

Oils, being less dense than water, float on the water's surface. To absorb the oil from the water, use the white floating pad. The white pad is made from floating polypropylene. As polypropylene is less dense than water, it floats on the surface, allowing for quick oil absorption and effective water cleaning.

- Minimizes the risk of slips and falls.
- Used easily in outdoor areas, even in rainy weather, as it does not absorb water.
- Oil leaks in indoor areas are easily visible. Leaks are detected early.
- Use as much as you need, thanks to the perforated sections.
- Thanks to the ultrasonic points, the pad remains intact, even when saturated.

## The Centers Prevent Oil Leaks From Spreading

| Product           | Weight               | Dimension     | Package Size      | Absorbency |
|-------------------|----------------------|---------------|-------------------|------------|
| Ultrabond FF Roll | 350 g/m <sup>2</sup> | 38 cm x 46 m  | 1 pc / package    | 80 L       |
| Ultrabond FF Roll | 350 g/m <sup>2</sup> | 50 cm x 46 cm | 1 pc / package    | 105 L      |
| Ultrabond FF Roll | 350 g/m <sup>2</sup> | 76 cm x 46 m  | 1 pc / package    | 160 L      |
| Ultrabond FF Pad  | 350 g/m <sup>2</sup> | 40 cm x 50 cm | 100 pcs / package | 91 L       |
| Highsorb Pad      | 200 g/m <sup>2</sup> | 40 cm x 50 cm | 200 pcs/package   | 145 L      |
| Highsorb Plus Pad | 200 g/m <sup>2</sup> | 40 cm x 50 cm | 200 pcs/package   | 136 L      |

Products are perforated.

## Intended for Use in Multiple Areas

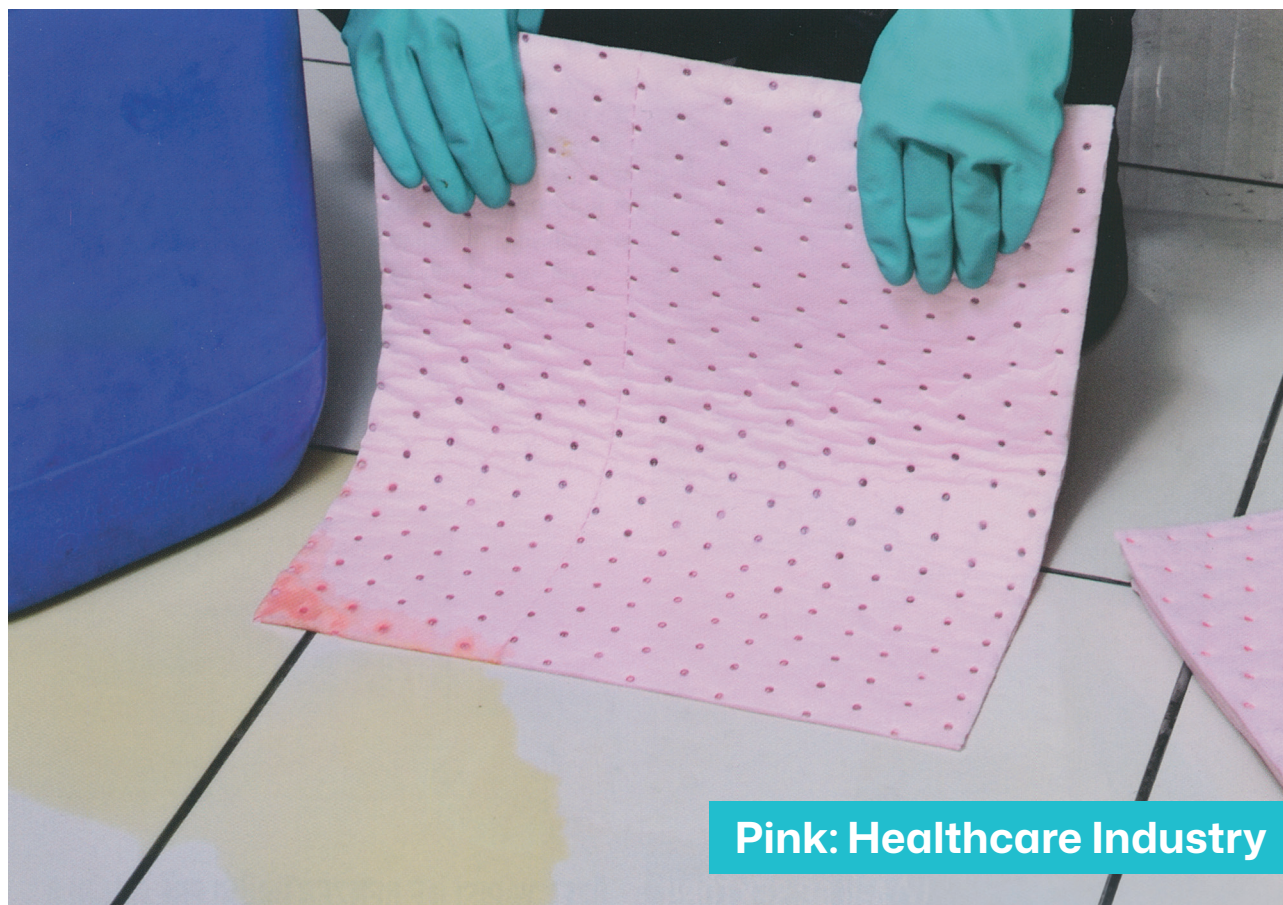

Oil Only - Oil - Absorbent Products

**Use It Especially to Eliminate Dirt  
and Clutter Caused By Rags**

## Haz-Mat Pads And Rolls

### With Yellow And Pink Color Options

**Pink: Healthcare Industry**

### Perforated Rolls And Pads Reduce Waste

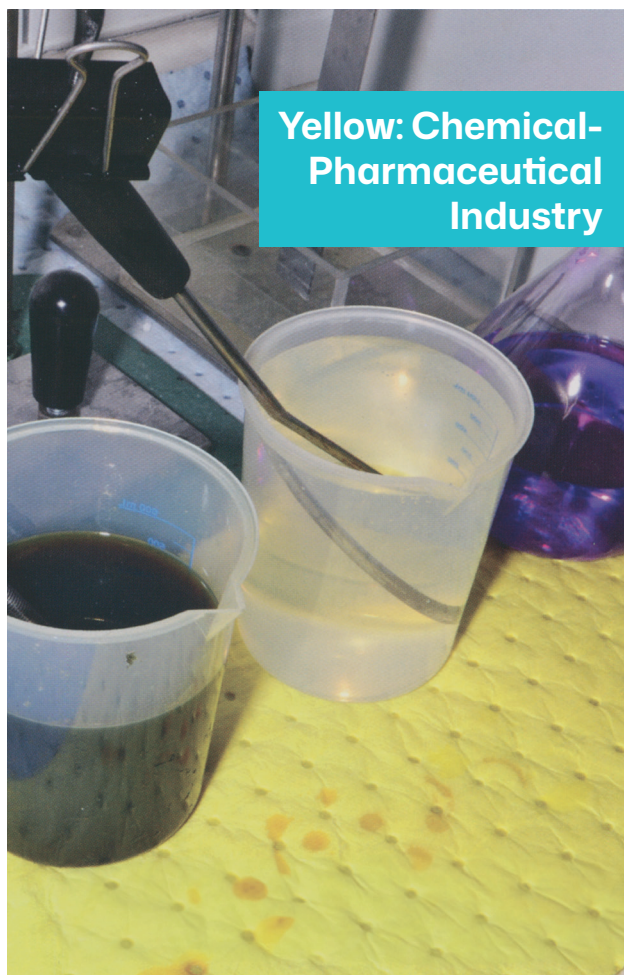

- Absorbs all chemical and acidic liquids. For chemical compatibility of pp to chemicals please review our chart.
- The pink and yellow colors highlight spills, helping to prevent pad waste.
- Use as much as you need, thanks to the perforated sections.
- Use rolls for wide areas and pads for narrow spaces.
- Each product absorbs an average of 12 times its own weight, preventing hazardous chemicals from spreading to unforeseen areas.

| Product                          | Weight               | Dimension                                            | Package Size      | Absorbency |
|----------------------------------|----------------------|------------------------------------------------------|-------------------|------------|
| Ultrabond FF pink pad universal  | 350 g/m <sup>2</sup> | 40 cm x 50 cm<br>(25x2 perforated)                   | 100 pcs / package | 91 L       |
| Ultrabond FF pink roll universal | 350 g/m <sup>2</sup> | 38 cm (19x2 perforated) x<br>46 m (43 cm perforated) | 1 pc / package    | 80 L       |

The roller can be cut to the desired dimensions with a maximum width of 156 cm.

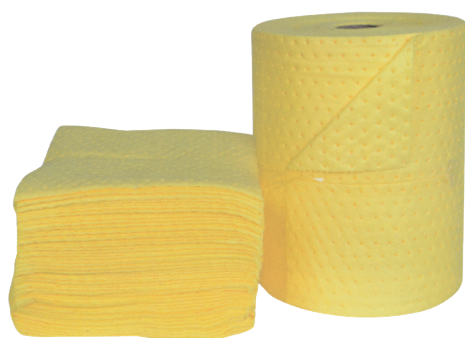

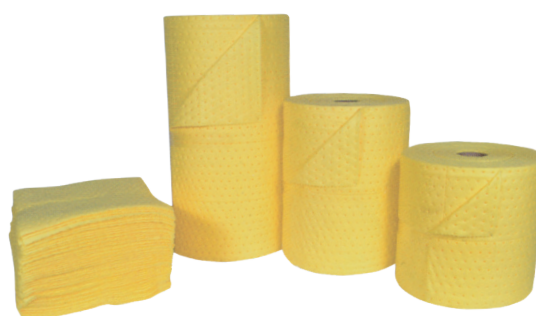

## For Use In Chemical Industry And Laboratories Yellow Pads and Rolls

- Absorbs all types of liquids.
- The yellow color highlights spills, helping to prevent unnecessary pad and roll waste.
- Use as much as you need, thanks to the tear-off sections.
- Use rolls for wide areas and pads for narrow spaces.
- Each product absorbs an average of 12 times its own weight, preventing hazardous chemicals from spreading to unforeseen areas.

### Its Special Structure Allows It To Absorb Chemicals Much Faster Than Similar Products

### Maintain Cleanliness While Saving Costs

| Product                            | Weight               | Dimension                                            | Package Size      | Absorbency |
|------------------------------------|----------------------|------------------------------------------------------|-------------------|------------|
| Ultrabond FF yellow pad universal  | 350 g/m <sup>2</sup> | 40 cm x 50 cm<br>(25x2 perforated)                   | 100 pcs / package | 91 L       |
| Ultrabond FF yellow roll universal | 350 g/m <sup>2</sup> | 38 cm (19x2 perforated) x<br>46 m (43 cm perforated) | 1 pc / package    | 80 L       |

*The roller can be cut to the desired dimensions with a maximum width of 156 cm.*

## Highly Absorbent Sausages Have An Extended Lifespan

Sausages

Clean and remove any other materials (such as sawdust, clay, sand, etc.) from the leaking area, and place the sausage in position. If placing them end to end, position them 8-10 cm apart to ensure they are next to each other so you can cover the spill area and prevent spreading.

### Sausages With Various Colors and Functions

Absorbs hazardous chemicals and acids.  
Ideal for the healthcare industry.

Absorbs both water and oil, making it  
ideal for all machine parks with oil leaks.

Absorbs hazardous chemicals and  
acids. Suitable for the chemical and  
pharmaceutical industries.

Only absorbs oils, not water. Can be used  
in both outdoor and indoor areas.

## Sausages Are Clean And Safe

### Clay Contaminates The Surrounding Area And Results In Wasted Time

The sausages are easily placed around the machine. They grip the floor and absorb spills. Thick and large sausages absorb oils in water. They absorb oil without absorbing water. They are a single piece of independent absorbent. They absorb oils, chemicals, water, and all liquids. Thanks to their flexibility, they can be easily used in narrow spaces. Thanks to their high absorbency, they require infrequent replacement, saving you money.

- Place them around leaking machines.
- Clay doesn't absorb spills; it just creates dirt. The sausage keeps surrounding areas clean.
- Clay is heavy to carry, while the sausage is lightweight.
- Unlike clay, sausages do not damage machines.
- Clay is harmful to health.
- Clay is a waste of time. Sausage is practical.

**Maintain Cleanliness  
While Saving Costs**

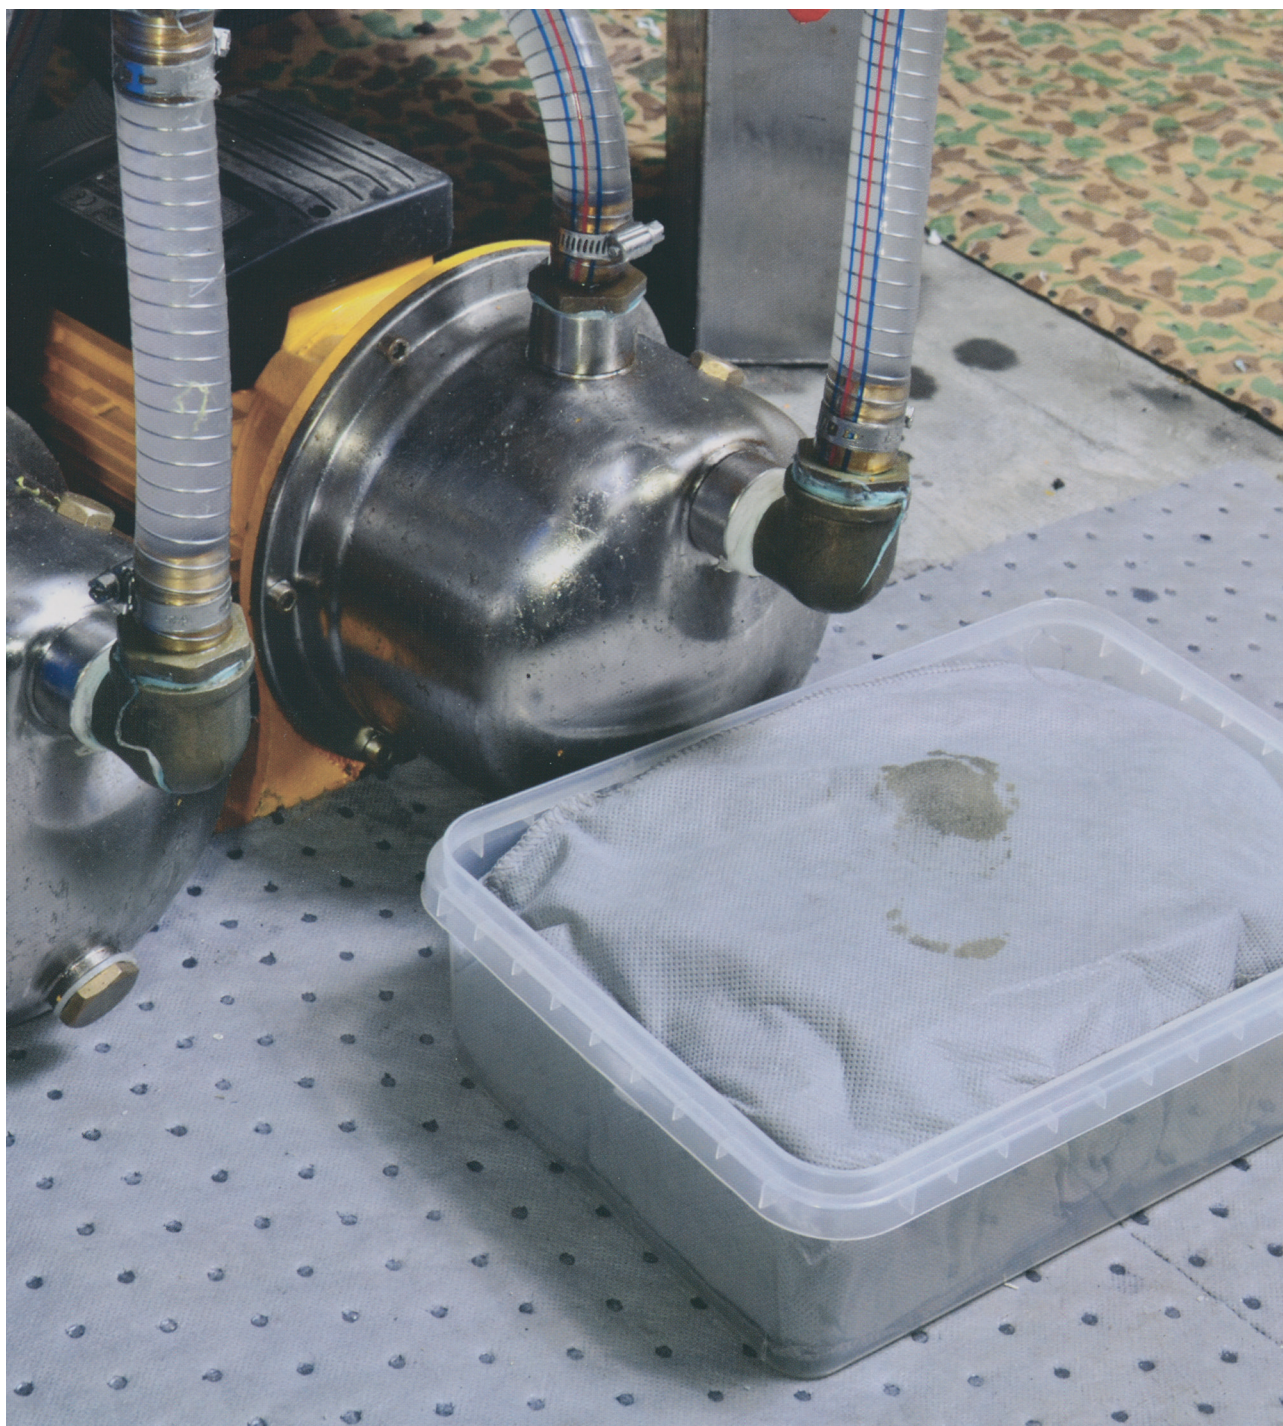

| Product | Weight           | Dimension    | Package Size     | Absorbency |
|---------|------------------|--------------|------------------|------------|
| Sausage | 350 g per piece  | 8 cm x 12 cm | 20 pcs / package | 47 L       |
| Sausage | 900 g per piece  | 8 cm x 3 m   | 7 pcs / package  | 43 L       |
| Sausage | 2750 g per piece | 13 cm x 3 m  | 5 pcs / package  | 94 L       |

*Sausages are available in gray, white, and yellow colors. The white color is oil absorbent, while the gray and yellow colors are universal.*

## Pillows

### Capture Leaks

**Use Pillows With Pans**  
Keep The Environment Safe By Replacing The  
Pillow Only When It Is Saturated

## Place Them Beneath The Machines And In Narrow Spaces

The filling material of the pillows ensures high absorbency. They have a long lifespan. They absorb oils, chemicals, water, and all liquids. They are resistant to tearing and rupture. When used with a pan underneath, liquids will not spill even in the event of impact; once the pillow is saturated, you can replace it and continue using the pan.

| Product | Weight          | Dimension     | Package Size     | Absorbency |
|---------|-----------------|---------------|------------------|------------|
| Pillow  | 650 g per piece | 45 cm x 45 cm | 10 pcs / package | 44 L       |
| Pillow  | 160 g per piece | 23 cm x 23 cm | 20 pcs / package | 21 L       |

**Oil Only**

The white / durable polypropylene texture, designed for oil-only absorption, and highly absorbent filling prevent drips from becoming a problem.

**Haz-Mat**

The Pink Haz-Mat (for the healthcare industry), with its durable polypropylene surface and chemical-absorbing properties, traps hazardous spills.

**Haz-Mat**

The Yellow Haz-Mat (for the chemical-pharmaceutical industry), with its durable polypropylene surface and filling, which absorbs acidic liquids, ensures a safe environment.

## The White Boom Acts As A Separator

It Absorbs Oil When Placed In Water,  
Without Absorbing Water

It Can Be Used  
With The Oil-Only  
Barrier Boom

## Barrier Booms

### Provides Leak Control

### Prevents Oil From Spreading

It prevents oil from spreading and traps it. Oil is absorbed by the pillows and pads. It features a rope for easy placement and transportation, along with clips and connection rings for convenience.

## Spaghetti Boom

Is Intended For Applications Where Both Its Absorbent And Barrier Features Are Essential

### Spaghetti Boom Serves as a Buffer At Points With **Excessive Leakage** in Facilities

The Spaghetti Boom is preferred for its rapid absorption capacity, especially in the case of ongoing leaks or after a spill in facilities.

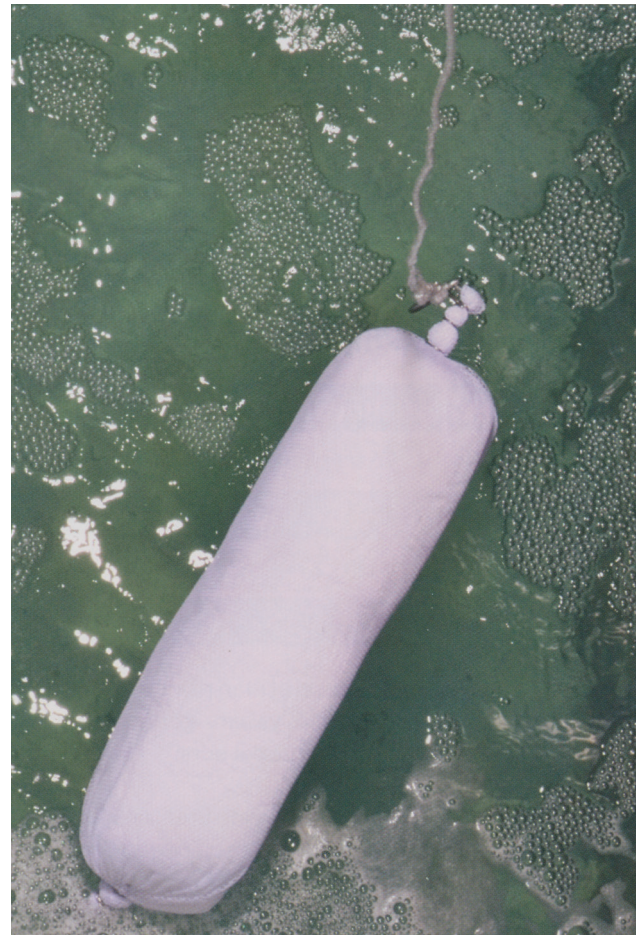

| Product   | Weight            | Dimension     | Package Size     | Absorbency |
|-----------|-------------------|---------------|------------------|------------|
| Boom      | 5.240 g per piece | 20 cm x 3 m   | 1 pc / package   | 35 L       |
| Boom      | 3.200 g per piece | 13 cm x 3 m   | 1 pc / package   | 21 L       |
| Boom      | 1.180 g per piece | 8 cm x 3 m    | 7 pcs / package  | 56 L       |
| Mini Boom | 800 g per piece   | 20 cm x 50 cm | 10 pcs / package | 54 L       |

Leaks of oil, chemicals, and other substances can pose environmental risks, leading to water and soil pollution. For instance, just 1 liter of oil can contaminate 1 million cubic meters of water. Such environmental pollution can result in significant fines for businesses, as per legal regulations. Our product provides an effective solution to mitigate environmental risks. It is produced in various sizes and absorbency capacities. The oil absorbent is used in

both universal and land-based applications. Those with oil-absorbent properties can float on water and absorb only oil, without absorbing water. The booms can be linked together using clips, enabling them to contain spills or pollution of any size in the sea. Thanks to its meltblown fiber filling, the booms offer high absorbency. Nylon ropes and durable construction provide strength and ensure a long lifespan for the booms.

## Mini (Bilge) Boom Offers Absorption In Hard-To-Reach And Inaccessible Areas

Intended for oil leaks in treatment plants, water tanks or wells. Absorbs oil only-does not absorb water.

## Use In Any Size You Need Folded Multipurpose Absorbents

Folded multipurpose absorbents are ideal for oil and chemical spills. The cloths are packed in perforated and folded, or rolled form, within cardboard boxes. As they take up little space, they allow for easy handling and storage. They are flexible, multi-purpose products with functions similar to pads, sausages, and rolls, making them suitable for the same applications. Can be used as a roll or torn along to create pads, as needed.

Designed to simplify your work, spill kits offer a wide range of products for handling spills. They consist of products with high-absorption properties, such as sausages, pillows, and pads. Spill kits are available in two types: plastic kit containers and kit bags.

## Creates A Hygienic And Hazard-Free Environment For Your Business

## For Any Kinds Of Spills And Leaks

### Plastic Kit 1

Equipped with 20 cm wheels and adjustable shelves, this plastic kit is easy to use and provides a quick response to spills and leaks. The interior features compartments, and a padlock can be attached to the door upon request.

**Kit contents:** 30 Ultrabond FF Pads of 350 g/m<sup>2</sup> (39x30 cm), 2 Pillows (23x23 cm), 4 Pillows (39x25 cm), 6 Sausages (8x120 cm), 1 Ultrabond FF Roll (350 g/m<sup>2</sup> – 39cmx25 m), 1 Bag Set (1 pair of Safety Goggles, 1 pair of Gloves, 5 Waste Bags, 5 Laces)

*\* Kit contents are also available separately from the cabinet.*

## Small Container Plastic Kit 2

**110 L**

absorbency  
capacity

Thanks to its durable wheels, it offers fast and easy use. The handles make steering effortless, even in narrow aisles. The plastic surface protects the contents from moisture and dirt, while the rubber wheels ensure mobility on rough surfaces. Dimensions: 62cm x 52cm x 100cm.

**Kit contents:** 10 Sausages (8x120 cm), 4 Pillows (45x45 cm), 8 Pillows (23x23 cm), 100 Ultrabond FF Pads of 350 g/m<sup>2</sup> (39x40 cm), 1 Bag Set (1 pair of Safety Goggles, 1 pair of Gloves, 5 Waste Bags, 5 Laces)

*\*Kit contents are also available separately from the cabinet.*

## Big Container Plastic Kit 2

**190 L**

absorbency  
capacity

Thanks to its durable wheels, it offers fast and easy use. The plastic surface protects the contents from moisture and dirt, while the rubber wheels ensure mobility on rough surfaces. Dimensions: 65cm x 75cm x 115cm.

**Kit contents:** 100 pads of 350 g/m<sup>2</sup> (39x40 cm), 10 pillows (23x23 cm), 6 pillows (45x45 cm), 3 sausages (8cmx3m), 10 sausages (8cmx120cm), 1 tampon (13cmx1 m), 1 Bag Set (1 pair of Safety Goggles, 1 pair of Gloves, 5 Waste Bags, 5 Laces)

*\*Kit contents are also available separately from the cabinet.*

## Use Kit Buckets For Minor Spills

### Plastic Kit 3

As the bucket with an easy-to-open lid is chemical liquid-resistant and waterproof, making it ideal for use in at outdoor environments. The absorbents are pre-packaged. It helps save time. Dimensions: 500 x 58cm

**Kit contents;** 6 Sausages (8x120), 3 Pillows (39x39 cm), 50 Ultrabond FF Pads of 350 g/m<sup>2</sup> (39x31 cm), 1 Bag Set (1 pair of Safety Goggles, 1 pair of Gloves, 5 Waste Bags, 5 Laces)

*\*Kit contents are also available separately from the cabinet.*

## Stylish And Decorative Plastic Kit4

**130 L**

absorbency  
capacity

The decorative plastic cabinet offers ease of use and organization, thanks to its shelves. The roll inside can be accessed effortlessly. You can keep it stationary or easily relocate it. Dimensions: 30cm x 60cm x 82cm.

**Kit contents:** 12 Sausages (8x120 cm), 60 Ultrabond FF Pads of 200 g/m<sup>2</sup> (30x50 cm), 12 Pillows (33x33 cm), Ultrabond FF Roll of 200 g (50cmx3 m), 1 Bag Set (1 pair of Safety Goggles, 1 pair of Gloves, 5 Waste Bags, 5 Laces)

*\*Kit contents are also available separately from the cabinet.*

## Spill And Leak Response Carts

### Plastic Kit 5

These tear-resistant carts, designed to protect the products from external factors thanks to the top side top cover, are equipped with wheels. They can also be transported using forklifts. They safeguard absorbents from moisture and damage. They are equipped with wheels for easy mobility during emergencies. Spare parts are available for separate purchase, allowing you to reuse the storage multiple times. Dimensions: 60cm x 80cm x 45cm.

**Kit contents;** 1 Boom (13x300 cm), 10 Sausages (8x120 cm), 5 Pillows (45x45 cm), 10 Pillows (25x25 cm), 100 pcs Pads of 350 g/m<sup>2</sup> (40x50 cm), 1 Bag Set (1 pair of Safety Goggles, 1 pair of Gloves, 5 Waste Bags, 5 Laces)

*\*Kit contents are also available separately from the cabinet.*

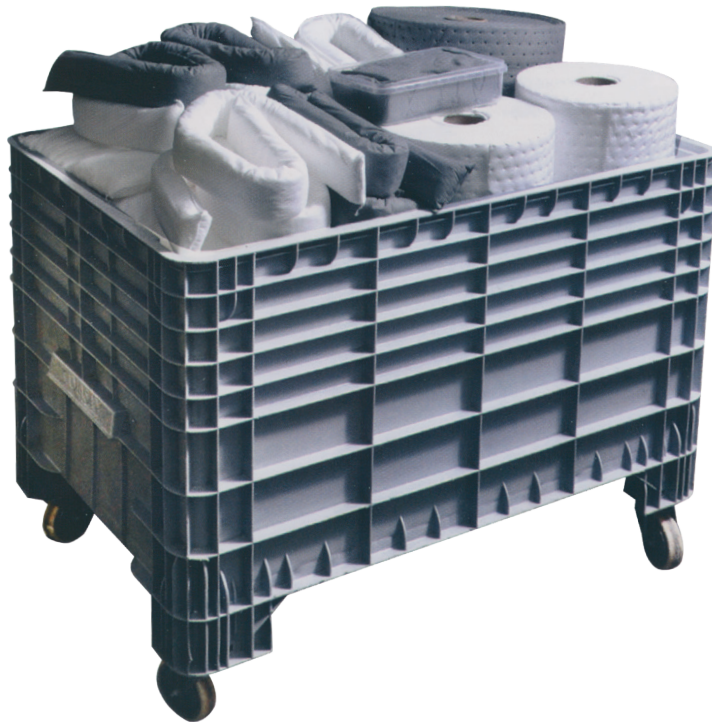

## Spill And Leak Response Carts

### Plastic Kit 6

**341 L**

absorbency  
capacity

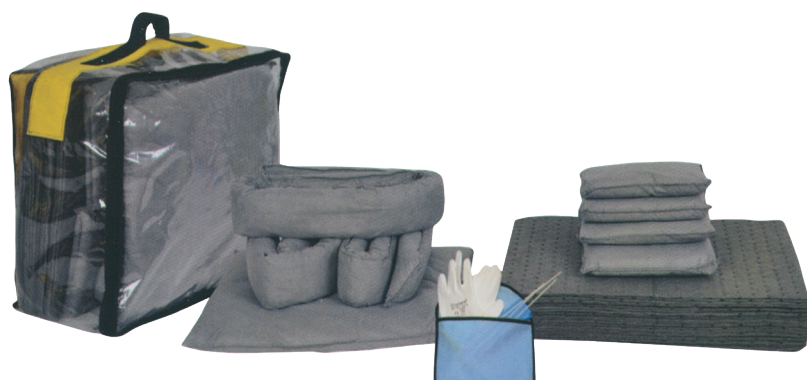

These tear-resistant carts, designed to protect the products from external factors thanks to the top side top cover, are equipped with wheels. They can also be transported using forklifts. They safeguard absorbents from moisture and damage. They are equipped with wheels for easy mobility during emergencies. Spare parts are available for separate purchase, allowing you to reuse the storage multiple times. Dimensions: 117 cm x 79 cm x 64 cm.

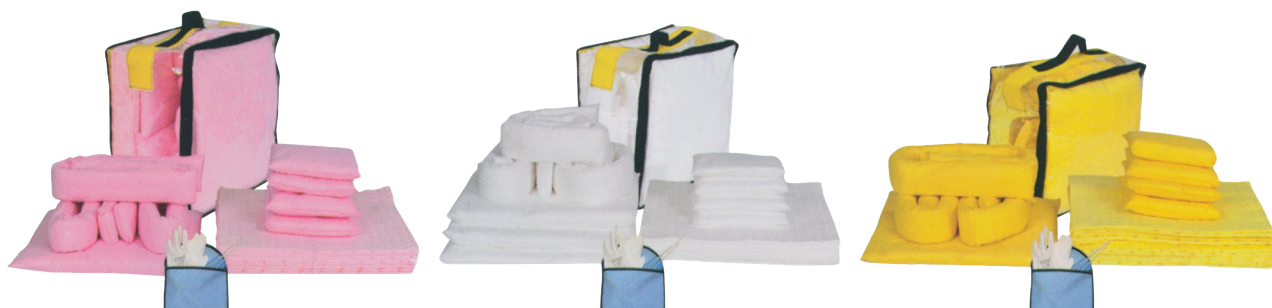

**Kit contents:** 2 Booms (20x300 cm), 2 Booms (13x300 cm), 20 Sausages (8x120 cm), 10 Pillows (45x45 cm), 10 Pillows (25x25 cm), 7 Sausages (8x300 cm), 100 GSM Pads of 350 g/m<sup>2</sup> (40x50 cm), 1 Bag Set (1 pair of Safety Goggles, 1 pair of Gloves, 5 Waste Bags, 5 Laces)

*\*Kit contents are also available separately from the cabinet.*

## Spill And Leak Response Bags Kit Bag 1

The water-resistant bag is easily portable with its hand strap. It can be quickly opened using the zipper. It is intended for use in vehicles, such as trucks and vans, enabling immediate intervention at delivery points.  
Dimensions: 45 cm x 50 cm x 21 cm

**Kit contents:** 3 Sausages (8x120 cm), 1 Pillow (45x45 cm), 4 Pillows (23x23 cm), 20 Ultrabond FF Pads of 350 g/m<sup>2</sup> (43x48 cm), 1 Bag Set (1 pair of Gloves, 5 Waste Bags, 5 Laces)

*\*Kit contents are also available separately from the cabinet.*

## Multi Purpose Kit Bag 2

**45 L**

absorbency  
capacity

The water-resistant bag is easily portable with its hand strap. It can be quickly opened using the zipper. It is intended for use in vehicles, such as trucks and vans, enabling immediate intervention at delivery points.  
Dimensions: 30cm x 50cm x 50cm

**Kit contents;** 10 Sausages (8x120 cm), 2 Pillows (39x39 cm), 4 Pillows (23x23 cm), 50 Ultrabond FF Pads of 350 g/m<sup>2</sup> (39x31 cm), 1 Bag Set (1 pair of Gloves, 5 Waste Bags, 5 Laces)

*\*Kit contents are also available separately from the cabinet.*

## Cost-Effective Kit Bag 3

The water-resistant bag is easily portable with its hand strap. It can be quickly opened using the zipper. It is intended for use in vehicles, such as trucks and vans, enabling immediate intervention at delivery points.  
Dimensions: 230cm x 30cm

**Kit contents;** 2 Sausages (8x120 cm), 10 Ultrabond FF Pads of 350 g/m<sup>2</sup> (43X48 cm), 1 Bag Set (1 pair of Gloves, 5 Waste Bags, 5 Laces)

*\*Kit contents are also available separately from the cabinet.*

## Multi Purpose Kit Bag 4

The water-resistant bag is easily portable with its hand strap. It can be quickly opened using the zipper. It is intended for use in vehicles, such as trucks and vans, enabling immediate intervention at delivery points.  
Dimensions: 45cm x 50cm x 35cm

**Kit contents;** 10 Sausages (8x120 cm), 2 Pillows (45x45 cm), 4 Pillows (23x23 cm), 20 Ultrabond FF Pads of 350 g/m<sup>2</sup> (40x50 cm), 1 Bag Set (1 pair of Gloves, 5 Waste Bags, 5 Laces)

*\*Kit contents are also available separately from the cabinet.*

## Cost-Effective Kit Bag 5

The water-resistant bag is easily portable with its hand strap. It can be quickly opened using the zipper. It is intended for use in vehicles, such as trucks and vans, enabling immediate intervention at delivery points.  
Dimensions: 50cm x 50cm 18cm

Kits

**Kit contents;** 2 Sausages (8x120 cm), 20 pcs Ultrabond FF Pads of 350 g/m<sup>2</sup> (43x48 cm), 1 Bag Set (1 pair of Gloves, 5 Waste Bags, 5 Laces)

*\*Kit contents are also available separately from the cabinet.*

## Backpack Kit Bag 6

The fabric backpack is equipped with straps for back carrying, designed for ease of use. The bag opens easily, thanks to the mechanism at the opening. It is intended for use in vehicles, such as trucks and vans, enabling immediate intervention at delivery points. Dimensions: 42cm x 28cm x 15 cm.

**Kit contents:** 2 Sausages (8x120 cm), 10 Ultrabond FF Pads of 350 g/m<sup>2</sup> (40x50 cm), 1 Bag Set (1 pair of Gloves, 5 Waste Bags, 5 Laces)

*\*Kit contents are also available separately from the cabinet.*

## With Top Handle Kit Bag 7

Thanks to its top handle, the yellow fabric bag can be easily carried by hand. It can be quickly opened using the zipper. Its yellow color makes it easy to identify. It is intended for use in vehicles, such as trucks and vans, enabling immediate intervention at delivery points. Dimensions: 43cm x 52cm x 15 cm.

**Kit contents;** 4 Sausages (8x120 cm), 10 Ultrabond FF Pads of 350 g/m<sup>2</sup> (43x48 cm), 1 Bag Set (1 pair of Gloves, 5 Waste Bags, 5 Laces)

*\*Kit contents are also available separately from the cabinet.*

## Q-Wick Cleaning Cloth

It Can Be Used For Both Household  
And Industrial Cleaning

**Width:** Min. 20 cm

**Length:** Max. 160 cm

**Weight:** 55-70 g/m<sup>2</sup>

**Colors:** Light blue (B3), Dark blue (B2), Green (G1),  
Orange (O2), Yellow (O1), Pink (P1)

Q-Wick Cleaning Cloths are designed for cleaning all types of liquid surfaces, especially oils and petroleum products, with high absorption and efficient liquid distribution. Their patterned surface and bulky texture provide aesthetic appeal. Q-Wick Cleaning Cloths are high-performance absorbent cloths made from polypropylene microfiber, designed for use in various industrial cleaning and maintenance applications, including the engine industry, automotive industry, electronics, maintenance, painting, printing, car cleaning, and more.

- Its key properties are durability, absorbency, and lint-free performance.
- Its soft texture and bulky structure ensure comfortable cleaning.
- It offers 4-6-8 times the water absorbency and 8-10 times the oil absorbency relative to its weight.
- Its oleophilic and hydrophilic properties allow for easy cleaning of petroleum, machine grease, brake oil, cutting oil, paint, ink, and solvents.
- It is available in a range of colors, including white, green, blue, yellow, pink, and gray.
- It leaves no traces on steel or stainless steel surfaces.
- It ensures safe cleaning of delicate parts and machinery.
- It is available in various packaging sizes.
- It is cost-effective and ideal for stockpiling.

## Duotex Abrasive

### Industrial Cleaning Cloth

Duotex abrasive cleaning cloths can be used dry or moistened with lotion or disinfectant, depending on the application. This product removes heavy contamination such as oil, paint, tar, and ink without the need for water.

- It offers high durability for extended use.
- It is gentle on the skin, making it safe for hand and face cleaning.
- It effectively removes contaminants from surfaces thanks to its textured side.
- The smooth side is perfect for cleaning sensitive and delicate surfaces, as well as for general use.
- It is available in colors such as orange, blue, and gray.
- It is available in various packaging sizes.
- Tested for microbiological and pH safety.

**Width:** Min. 20 cm  
**Length:** Spunbond+MB abrasive Max. 150 cm  
 Meltblown+MB abrasive 156 cm  
**Colors:** Blue - Orange - Gray  
**Applications:** Spunbond+MB abrasive  
 Meltblown+MB abrasive  
 Qwick+MB abrasive  
 Spunlace+MB abrasive

## Cost-Effective Cleaning Cloths For Everyday Use

### Kitchen Cleaning

### Bathroom Cleaning

These cleaning cloths are ideal for all surfaces and areas as they offer a softer touch, easy folding, and flexibility due to the use of fiber in their production and high-pressure water weaving. As they are free from dyes, chemicals, and other additives, they are safe for use in medical and hygiene settings.

- You can wipe your hands and face with comfort. They are soft and comfortable.
- Tested for microbiological and pH safety.
- High Absorbency of oil, grease, water, and other contaminants from all surfaces.
- High resistance to wet wiping.
- For cleaning of delicate parts and machinery.
- Fast-drying with long-lasting safe use.
- Capable of both wet and dry absorption.
- Advantage of easy and cost-effective usage.
- Can also serve as a cover fabric.
- Cost-effective packaging, ideal for stockpiling.
- 5-7 days of usage life.
- Low-cost advantage.

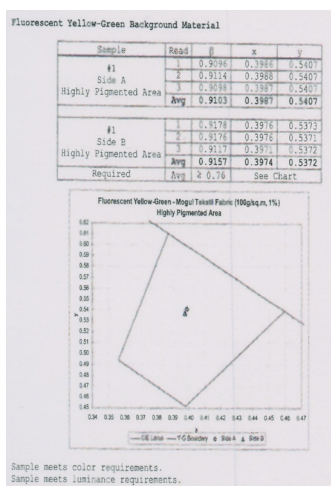

**Available in 5 kg and 10 kg packages.**

## MHV Vest

- Brightness: Our product maintains a longer-lasting, brighter color due to the use of the thermal calendering technique in the production process, compared to other products on the market.
- Chromaticity: It features superior brightness quality.
- Thanks to its flame-retardant properties, it resists the melting and deterioration of the surface when exposed to flames or flame particles (e.g., during welding or spiral use).
- The fabric's nature gives it oil- and dirt-repellent properties.
- It offers enhanced color resistance due to fiber dyeing in the extrusion system and high-temperature fixation, as opposed to dyeing yarn during fabric production.
- Its diagonal texture ensures high tear resistance.

### MHV HIGH VISIBILITY PHOSPHORUS NONWOVEN FABRICS

Mogul MHV is a high-visibility phosphorescent fabric that offers a nonwoven alternative to woven and knitted fabrics. This patented nonwoven product was first developed by Mogul.

#### What is High Visibility Fabric?

High-visibility material is described as follows: It retains light to a brightness level that makes it easily visible. For example: it emits or reflects light.

Its primary purpose is to enhance visibility and safeguard individuals in environments with poor visibility.
